Horse Power, is great on all sorts of places! You ask, what is “Horse Power”????

I am a Certified Massage Therapist who uses **DYNAMITE Release** all the time on clients receiving deep tissue work since it helps the muscles let go with far less work for me and far more comfort for them. One elderly lady wasn’t satisfied one day with the amount I had sprayed on her and she asked for more of that “Horse Power!”

I got such a kick out of the statement that now, when I have someone asking me questions about the horse on the label, I just say there is a lot of “Horse Power” in a bottle of **Release**. It stops them from making further comments about using a product that is labeled for veterinarian use only and everyone gets a real good laugh out of it.

So all of you remember the Horse Power in **Release**—it is a great **DYNAMITE** product and definitely my most popular one!
